Funds are released mainly for creation of barrier free environment by construction of lifts, ramps, accessible toilets, tactile tiles and accessible websites, etc. for the benefit of Persons with Disabilities.

4.3.2 Component of Skill Development

According to census 2011, there are 2.68 crore Persons with Disabilities (PwDs) in India (1.50 crore male and 1.18 crore female PwDs). Even though, PwDs constitute a significant percentage of the population of India, their need for meaningful employment largely

remains unmet, in spite of implementation of Rights of Persons with Disabilities (RPwD) Act, 2016. PwDs in India face many challenges when looking to develop employable skills and in gaining meaningful employment. They continue to face difficulties in the labour market. In the overall population, the number of persons with disabilities is proportionately higher in rural areas, accentuated by general poverty considerations and poor access to health services. The rural PwDs are significantly disconnected from skills and markets.

Improving vocational training and employment opportunities for persons with disabilities, though is a critical element for enhancing the quality of life for individuals with disability, their families, there are also substantial gains for the broader economy. There are substantial costs to individuals and to society associated with these poor employment outcomes for persons with disabilities. The World Bank considers that leaving persons with disabilities outside the economy, translates into a foregone GDP of about 5% to 7%. In addition to the individual and family benefits, there is also a strong economic imperative to increase labour force participation which will help to address country's shortage of skilled labour force, while at the same time reducing fiscal pressures associated with welfare dependency.

4.3.2.1 The existing Skill Training and Employment Landscape for PwDs are as under:

- National Action Plan (NAP) for skill development of persons with disabilities under SIPDA of the Department of Empowerment of Persons with Disabilities.
- Vocational training courses offered by the Department of Empowerment of Persons with Disabilities and its affiliate organizations like National Institutions, National Handicapped Finance and Development Corporation (NHFDC), National Trust etc.
- Ministry of Skill Development & Entrepreneurship and National Skill Development Corporation (NSDC) through Pradhan Mantri Kaushal Vikas Yojana (PMKVY).
- Ministry of Labour and Employment supervising 24 Vocational Rehabilitation Centres for Handicapped (VRCHs) now called National Career Service Centres (NCSCs),
- More than 10,000 ITIs and approximately 1000 Employment Exchanges.
- Technical and Vocational courses, being offered through colleges, IITs and Universities, affiliated with Ministry of Human Resources Development.
- National Rural Livelihood Mission of Ministry of Rural Development.
- National Urban Livelihood Mission of Ministry of Housing and Urban Affairs.
- Vocational training / livelihood programs of various other Central Govt. Ministries and State Governments.
